

PETA MATERI APLIKASI

MATERI	FILE TERKAIT
Materi Laravel	
Membuat migration	Semua file di folder database/migration
Membuat seeder	Database/seeder/AdminSeeder.php
Route Laravel 8	Routes/web.php
Group Route	Routes/web.php
Custome Login	- Config/auth.php - Database/migrations/2021_03_20_035628_buat_tabel_admin.php - App/Models/Admin.App - App/Http/Middleware/CekAdmin.php - App/Http/Kernel.php - Routes/web.php - App/Http/Controllers/Auth/LoginAdminController.php - Resources/views/auth/login_admin.blade.php
Validasi bahasa indonesia	- Resources/lang/id/auth.php - Resources/lang/id/validation.php
Relationship one to many	- App/Models/Jurusan.php - App/Models/Pendaftar.php - App/Models/Periode.php
Layout Component	- Semua file di folder App/Views/Component - Semua file di folder resources/views/layouts
Anonimous Component	Semua file di folder resources/views/components
Default props pada component	- Resources/views/components/form-input.blade.php - Resources/views/components/form-select.blade.php - Resources/views/components/form-textarea.blade.php
Buat file PDF	App/Http/Controllers/UserDashboardController.php
Export Excel	- App/Exports/ExportPendaftar.php - App/Http/Livewire/Admin/PendaftarTable.php
Buat Chart	- App/Http/Livewire/Admin/DashboardController.php - Resources/views/livewire/admin/dashboard.blade.php
Materi Livewire	
Livewire Class	Semua file app/Http/livewire
Livewire blade	Semua file resources/views/livewire
Menggunakan livewire component pada blade	Semua file resources/views/admin
Sorting, search dan pagination pada livewire	- Method render() class livewire berakhir Table.php - Method sortBy() class livewire berakhir Table.php - Semua livewire blade berakhir –table.blade.php - Resources/views/components/table-tool.blade.php - Resources/views/components/table-header.blade.php
Inline editing pada tabel	- Method setEdit() dan saveEdit class livewire berakhir Table.php - Semua livewire blade berakhir –table.blade.php - Resources/views/components/table-input.blade.php

	- Resources/views/components/table-select.blade.php -
Validasi dan menyimpan data	Methode save() class livewire berakhiran Form.php
Edit data	Methode edit() class livewire berakhiran Form.php
Upload Gambar	- App/Http/Livewire/admin/SlideForm.php - Resources/views/livewire/admin/slide-form.blade.php
Event Listener	Methode save() dan edit() class livewire berakhiran Form.php
Merefresh tabel pada Parent Component	Methode save() class livewire berakhiran Form.php
Wire:click	- Resources/views/components/table-action.blade.php - Resources/views/components/table-header.blade.php
Wire:submit	Resources/views/components/form-modal.blade.php
Wire:model	- Resources/views/components/form-input.blade.php - Resources/views/components/form-select.blade.php - Resources/views/components/form-textarea.blade.php
Akses method komponent lain pada blade	Resources/views/components/table-action.blade.php
Admin JS	
Integrasi dg modal bootstrap	- Resources/views/components/page-index.blade.php - Resources/views/components/form-modal.blade.php - Resources/views/components/dialog.blade.php
Integrasi dg toast bootstrap	- Resources/views/components/toast.blade.php
Menu dropdown	Resources/views/components/toast.blade.php
Datepicker dg Pickaday	Resources/views/components/form-datepicker.blade.php
Text editor dg Quill	Resources/views/components/form-editor.blade.php
Get event window	Resources/views/components/page-index.blade.php
Toggle sidebar	- Resources/views/layouts/app.blade.php - Resources/views/layouts/admin/header.blade.php - Resources/views/layouts/admin/sidebar.blade.php
Slideshow gambar	Resources/views/front/home.blade.php
